

# HOPE TO LAY BIG SEWER NEXT YEAR

Board of Health Wants to Know Why It Wasn't Done in 1920.

Arrangements are to be made by the board of public works within the next few weeks for the laying of a mammoth trunk line sewer at East-cary avenue during 1921, following receipt of a letter from the state board of health urging early action. The project was to have been carried out in 1920, but the state board of health pressing need of doing other sewer work caused city officials to lay over the year.

Under date of December 8, C. M. Baker, state sanitary engineer, has written to inquire why the big sewer was not laid this year. A point out was made that the sewer had been laid at East-cary avenue and put in operation during 1920. Although no extension of time was granted, this was not done, he stated, follows up to ask what steps are being taken.

He advises the early preparation of comprehensive plans to provide for intercepting sewage and a system to carry sewage to a point suitable for treatment. These plans must be approved by the health board. Plans for the treatment plant can be prepared after the plans are approved.

Mr. Baker offers to come to Janesville for a conference with City Engineer C. V. Korch relative to the proposed project.

# HIGH SCHOOL TO TAKE UP DEBATING

Debating teams will be organized after Christmas among the pupils of the high school under the direction of W. C. Candy, of the high school faculty. Much interest has been shown by the pupils in extemporaneous speaking. Plans are being worked out for debates with other teams from high schools of this section of the state.

# TWO DIVORCES ARE GRANTED BY GRIMM

Judge George Grimm yesterday granted Mrs. Gertrude Worthington, Cookville, a divorce from her husband, and \$20 a month alimony.

Ariel Worthington brought suit against his wife, charging desertion. The divorce, however, was granted to the wife on a cross bill after a contested action. The court held that the wife was justified in leaving the husband because of cruel and inhuman treatment, and had just reason in refusing to live with him. The husband's farm valued at \$20,000, according to the court papers.

# DENTISTS HEAR NORTHWESTERN MAN

A citable meeting under the auspices of the Rock County Dental society which has 42 members was held Monday afternoon in the science room of the high school here.

Twenty-five dentists from Beloit, Janesville, Evansville, Lake Geneva, Milton and Milton Junction, Clinton and Delavan were in attendance. This is the fifth annual meeting for 1920. Dr. E. W. Marfield, a specialist, of the college of dentistry of Northwestern university, gave a practical lecture and demonstration on gum retraction and the treatment of pyorrhea.

# REPAIRS ON CITY BARN COMPLETED

Work of re-building the east and south walls of the city barn and re-roofing the entire structure has been completed by W. J. McGowan, contractor.

The building now appears to be in shape to stand for many years without further cost, for it is being repaired in a manner ready to collapse at any moment.

At the council meeting last night, the city engineer was asked to check the cost of fixing up the building and make payment to McGowan.

# Woman Stars Fire With Kerosene, She and Sister Dead

Ottawa, Ia., Dec. 14.—Mrs. Mary Lamansky, 35, and her sister, Miss Anna Lamansky, 25, were burned to death at their farm home in Jefferson county Sunday. Lamansky was seriously injured but will recover.

Mrs. Lamansky started a fire with kerosene and the oil can exploded, enveloped Lamansky and their three children were sleeping. Lamansky, not being able to save his wife, rushed out of the house with the children. The flames spread quickly and trapped Miss Kersch.

A dull minister in the pulpit is a sore trial, but the soprano in the choir is apt to be a sootier.

# Retain Woman as Principal at Orfordville H.S.

Having a woman as principal caused the mild ripples of a storm in the new high school at Orfordville.

It all happened when John Larkin, former principal, became so ill in health he was unable to continue in his office. Miss Floride Billfret, assistant principal, was elected to his office. This is alleged to have aroused the ire of a fellow teacher when Miss E. Wendt announced before the students in her class that she refused to work under a woman principal. The authorities of the school with Richard E. Baker, clerk requested her resignation when she failed to return after a vacation at the specified date. Rensy Fields was named as principal in the Orfordville free high school and Thomas Tollefsrud was named in the place of Miss Wendt.

The school board stood by Miss Floride with the result the sign of principal still decorates her door.

# RYAN IS PAROLED AFTER GUILT PLEA

(Continued from page 1)

The court sentencing Ryan to prison, Attorney Mount made his petition not as assistant prosecutor, but as a "citizen."

Plea by Mount

"The defendant has a good record as a law-abiding citizen, except for the liquor case. He was intoxicated at the time of the assault. He has not had the right to send him to prison. I believe that there should be a curb placed upon him with impending punishment, but in no instance is it wise to send a man to prison term considering the defendant's past."

The district attorney outlined the state's case against Ryan, but made the court Ryan made an assault upon Patrolman Patrick Stein, striking him three times with a hammer, on Aug. 13, 1920. That Ryan made threats of "getting Stein" in two or three saloons on the day of the assault was also stated by the district attorney.

William H. Dougherty made the plea for the defense. He laid the case for the assault and other minor cases in which Ryan has been convicted against the law as being liquor. Appeal was made on behalf of the relatives of Ryan.

Ryan Blames Drink

When called before the court, Ryan said: "I was under the influence of liquor. I intended to quit. The drink made me want to get revenge for the time Stein knocked some teeth out of my mouth and bit my ears."

The court was advised that satisfactory settlement had been made between Stein and Ryan, the defendant paying all damages.

The court took means to warn Ryan against further use of liquor.

"You lost your wife in the court because of drink," said Judge Grimm. "I hope that she will take you back if you prove worthy of trust and confidence, for I understand there is some prospect that she will."

The plea of guilty was made to the complaint charge of assault with the intent to do great bodily harm. A second count of the information, a second assault charge, was quashed by the district attorney. The second count charged him with evidencing depraved mind and wielding a three-pronged hammer without regard to human life. Conviction under this charge would have meant a sentence of from one to eight years.

The other case against Ryan, charging intoxication, still stands in municipal court. He is to be brought before Judge Maxfield, Dec. 27.

# INVITATIONS OUT FOR LAKOTA PARTY

Five hundred invitations to the Lakota club's annual Christmas dancing party were mailed out today by the committee under the vision of Harold McGowan, general chairman. Young people in Janesville and all surrounding cities have been invited.

The party will be held in the armory Monday evening, December 27, with dancing from 9 to 1 o'clock. Madison's seven-piece orchestra, featuring a violin, piano and guitar banjo effects, will play.

Richard Saxby of the decorations committee is making arrangements to have the hall elaborately festooned.

# NEW FLAG POLE

A flag pole, 100 feet high, is being erected in the lawn in front of the new clubhouse of the Knights of Columbus, South Jackson street.

# TO LAY OUT NEW LIGHTS NEXT WEEK

Councilmen Meet Informally to Apportion \$5,000 for New Ornamental Posts.

With \$23,000 appropriated in the lighting fund for 1921, the city council will hold an informal meeting next week to lay out plans for extensions to the ornamental lighting system. The lighting committee of the council, headed by Alderman E. L. Badger, has been looking into the matter for several weeks. Other members of the committee are: Aldermen Kerstel, Helms, Traver, and Kelly.

Mayor T. E. Welch announced at the council meeting last night that it is advisable to hold an informal gathering in order to break out the various problems connected with the program.

"We can safely devote a whole evening to lights," he said.

It was announced that Harold L. Gokey, manager of the Janesville Electric company, has received additional literature pertaining to lights which he desires to present to the council. He will be asked to attend the meeting next week.

The 1921 program will doubtless call for the erection of ornamental posts and lighting of streets intersecting East and West Milwaukee streets. Of the \$23,000 provided for in the budget, \$12,000 is for the regular lighting fund and \$5,000 for extension. The 1920 lighting fund was \$12,500.

# BELOIT TO PAVE 5 MILES IN 1921

Five miles of new street paving will be done by the city of Beloit during 1921. If the plans of the council sitting as a committee are favorably voted upon by the council at its next meeting, the city will have paved a total of 10 miles of streets. The city engineer, J. W. Van Hise, is making plans for the paving of the streets.

The belief was expressed by the city engineer that the paving would not cost as much during the coming year as it has in the past. Several of the property owners filed petitions asking that their streets be paved. Much underground work must be done on the streets before paving is begun.

# WOMAN DEPUTY POLICE OF NEW YORK RESIGNS

New York Police Commissioner of New York city, resigns, asserting that she has been hampered in her work and could not remain in her place and retain her self respect.

# WIRE LAMP SHADE FRAMES.

We have received a large shipment of Lamp Shade Frames, all styles and sizes. Prices range from 15c to \$1.50 each. Second Floor.

# BIG FARM BUREAU MEET SCHEDULED FOR FRIDAY HERE

Members of the Rock county farm bureau will meet in conjunction with the new Farm Products company at a county session Friday afternoon at the city hall here.

Formation of the Farm Products company and furthering of its policies is expected at this meeting.

Notices have been sent out urging all farm bureau members and holders of stock in the Farm Products company to attend or be represented by proxy. The meeting is set for 2 o'clock.

This will be the last meeting of the farm bureau before the annual meeting which is to be held in February.

# WOODMEN CHOOSE FORREST AS HEAD

The annual election of officers for Florence camp, Modern Woodmen of America, No. 305, was held last evening at their hall, with the following results: V. C. J. A. Forrest, W. A. Roy, Van Hise, clerk, T. L. Madison, O. S. Morse, escort, Chester Barringer, watchman, K. C. Butts, sentry, James E. Snyder, trustee for three years, George W. Chas. trustee for one year to fill vacancy, R. V. Knox, installing officer, J. W. Van Beynum.

Arrangements were made for a public installation of the newly elected officers Jan. 19, with the following committee in charge: Claude Snyder, John Brecher, and George Schaller.

# TAXES INSUFFICIENT TO MEET WAR DEBTS

Washington, Dec. 14.—House ways and means committee considering plans for tax revision legislation have encountered a stumbling block in their efforts to devise a method for disposing of that part of the nation's war debt—\$7,000,000,000—maturing in the next two and a half years. Believing that the proposed by the treasury to levy proposed by the treasury would be insufficient to care for the ordinary operating expense of the government and to cancel the war debt, Chairman Fordney proposed that the government should issue certificates aggregating nearly two and a half billion dollars, and the first issues of war savings stamps and victory notes.

# SCHEDULE RECITAL FOR MUSIC TEACHERS

Aided by local musical organizations, the annual convention of the Wisconsin Music Teachers' association will be held in Janesville, May 2, 3, 4 and 5. The Grand Hotel has been selected as headquarters. Meetings will be held at the Methodist church.

These arrangements were made Saturday at the Chamber of Commerce, Dr. Theodore Kinkler, Shoboygan, state president of the association, and Liborius Semmann, Madison, chairman of the program committee, were present. It is expected that 200 university, public school and private music instructors will be present. A program will be given by local talent.

The McDowell club of this city will put on a recital, The Apollo club will cooperate. Mayor Thomas E. Welsh, A. J. Gibbons, president of the Chamber of Commerce, and George S. Parker, president of the Apollo club, will make addresses.

# GENTLE CASE IS PUT OVER TO '21

An indefinite adjournment was taken in municipal court Monday in the case against Frank Gentle charged with storing alcoholic beverages in a saloon. The case was put over to January 19, 1921, as the defendant, Gentle, was in the city jail at the Hotel London bar, finding it of high alcoholic content. It is probable the hearing will go over to January in an account of circuit court being in session.

# HERE'S ONE WAY TO MAKE MONEY FAST

There are lots of ways to make money but some require more work than others; three young men in Janesville Saturday sought the easiest way.

A one dollar bill doesn't look anything like a 10-dollar one but it does when it has the corners clipped off the "10" and pasted into it. At least employees of the J. M. Bostwick & Sons store thought it looked like a ten-dollar bill and accepted it as such, later giving it out in change, police say.

The net loss is \$9.

Police are looking for the three men.

# "The Branded Woman"

Directed by Albert Parker

*The Story of a Heaven for three-- that hung on a thread*

The Soul of Purity dragged in the mire of a mother's cynicism—out of the jeweled slough of degradation fought this beautiful girl; into the arms of the man she loved—to find the scarlet shame, the hideous blot of the past was to be washed away with tears and Faith. This picture is the most pretentious Norma Talmadge production ever created and one which does honor to the star.

PRICES—Matinee: Children, 15c; Adults, 25c. Evening, 20c and 30c.

## OPEN ROAD FORCES READY FOR SNOW

First Heavy Fall Will Find  
Trucks and Plows Busy on  
Five Highways.

Coordination of committees to assign trucks, machinery and funds to each of the five roads leading out of Janesville that will be kept free of snow this winter was made today at a meeting of the executive committee on snow removal of the Chamber of Commerce, Auto Trades association and Rotary club. The plan is to have everything in readiness to seal the snow removal gangs out on the roads at the first fall of snow.

Gangs will work independently on each road starting from both ends and working toward a central point. It is expected that the committee may avail itself of the offer of the county road machinery, consisting of seven trucks, and will insure it against any damages for which the county will hold the committee responsible.

**Trucks to Be Donated.**  
Owners and drivers of trucks in this city will be asked by W. C. St. Clair, appointed for the purpose, to donate their machines and services. Each will be assigned to a particular road to patrol.

Sentiment on snow removal and aid to be expected is being gathered by those who will be in charge of each of the highways. It was noted that farmers and business men favoring open roads are in the majority.

Because the Edgerton road is concrete past the county farm and will be easier to clean, it is planned to divert traffic to Evansville over this stretch and thence by way of the four mile bridge during snow periods. This is expected to save considerable snow removal.

**Trip to Madison**  
Charles T. Outen, chairman of the executive committee, William O'Connell, of the Auto Trades association and Ira Imman, who will do the snow removal of the Janesville-Beloit road, will go to Madison Thursday to confer with the state highway commission on machinery and methods to use for snow removal. L. J. Boner has been appointed to take charge of the Evansville road in place of Mr. St. Clair who will work with Mr. T. Outen on the Edgerton stretch.

Raising of the \$5,000 fund for road cleaning will be started this week.

## BODY OF COMPANY "M" MAN DUE HOME WITHIN FEW DAYS

The body of Sgt. Guy Ogden, Edgerton, formerly of "M" company 138th Infantry during the World War, and killed in action, has arrived in New York, according to word received here. It will be brought here in a few days. Announcement of the funeral arrangements will be made later.

**Council Votes to Widen Grand and Center Aves.**  
Center and Grand avenues below the river bridge are to be made wider thoroughfares by virtue of action taken by the council last night in resuming power in the board of public works to let a contract for the work. According to a report made by Mayor Welsh, the Janesville Electric company, through Manager Harold Gleason is willing to deed a 12-foot strip of land there to the city without charge, the city to put in a sidewalk on the strip.

Following explanation by the mayor, the council unanimously passed Alderman George L. Traver's resolution to acquire the board of public works to prepare plans and estimates and do other work necessary for grading the embankment on the west side of Center avenue, from Eastern avenue to the old stone quarry to the north and for grading the south side of Grand avenue from the C. & N. W. tracks to the quarry to the east, to the required grade.

"In favor of the project," said Ald. L. D. Horn speaking on the motion, "it will help to keep some labor employed." Alderman Duin also spoke favorably.

The work can be done for about \$1.75 a yard, it was brought out, whereas last summer it would have cost from \$2.50 to \$3.

**BLIND MUSICIANS PLEASE CONVICTS**  
Thirty-six students from the School for the Blind, members of the chorus and the orchestra entertained the prisoners at Waupun Sunday morning and also gave a concert at 4 o'clock to 450 in Congregational church.

Judging from the applause, the 700 prisoners who heard the morning concert were pleased and seemed to enjoy the entertainment. Supt. J. T. Hooper, said today, "The prisoners are allowed to talk during a congregation."

**CHIMNEY FIRES**  
The fire department was called out at 8:15 yesterday afternoon, to extinguish a chimney fire at the home of John Matheson, 767 Logan street.

**A Letter from Home**  
Dear Mother: I'm where in U. S. I'm nothing could have pleased me more than your Christmas gift, a year's subscription to the Gazette. It is like a great letter from home every day bringing to me the news of all the folks in whom I'm interested. It brings the home town and its affairs close to me each evening. Believe me, it was the best Christmas gift ever.  
Love from, Joe.  
\$7.80 by mail outside of Rock county.

**SCHOOL CHILDREN BUSY MAKING TOYS**  
Children of the high school and seventh and eighth grades are busily engaged in the manual training classes held in the high and vocational schools this week making toys for Christmas. There is only another week before school closes for the Christmas vacation. Cards and wooden clothes, cut with a scroll saw and painted, and little wooden animals mounted are being made for presents for the home folks, but none is being sold.

**NIGHT SCHOOL TO CLOSE FOR VACATION**  
The last session of the evening school for the 1920 term will be held Thursday evening of this week, according to an announcement of J. M. Dorrans, superintendent, today. After a winter vacation over the Christmas holidays the second term will open January 6. Entrance into night school may be made at this time.

**CIGAR DEALERS**  
As usual, we will have El Marko and Reliance Cigars in special sizes for Xmas.

**OBITUARY**  
Patrick Meehan.  
Patrick William Meehan, for 23 years a Beloit undertaker and business man, died late Saturday evening at his home in that city. He was ill but a few days, having been at his place of business Tuesday, March 11, 1920. He was married to Miss Margaret Ryan, Footville, sister of Dr. Ryan, this city, in 1885, and made Janesville his home before moving to Beloit in 1921. He is survived by his wife; a son, Edward; a daughter, Miss Mary Meehan, and a brother, John Meehan, all of Beloit.  
The funeral was held at 9:30 o'clock this morning from St. Jude's church, Rev. Father Joseph E. Hanz officiating. Interment was in the Beloit Catholic cemetery.

**Raymond A. Turner.**  
The funeral of Raymond A. Turner will be held at 3 o'clock Wednesday afternoon from the chapel at Oak Hill cemetery.  
Mrs. Edward Tierney.  
The funeral of Mrs. Edward Tierney, who died Friday afternoon, was held Monday morning at St. Paul's church, Evansville, Rev. Father W. P. McDermott officiating. Pallbearers were John Dawson, Thomas Dunphy, Peter

**EMBER DAYS TO BE CELEBRATED HERE THIS WEEK**  
Wednesday, Friday and Saturday of this week are ember days, celebrated in the Catholic and Episcopal churches as days for special prayers, fasting and abstinence. Working people are, by special dispensation, allowed the use of flesh meat at the principal meal on Wednesday and Saturday. No special services are to be held.  
Ember comes from the Latin word meaning four times. It was an old Roman custom to set aside four times during the year, at the beginning of each season, for the purpose of thanking God for the gifts of nature. In June the Romans prayed for a bountiful harvest, in September for a rich vintage and in December for a good seeding.  
It has become the custom of modern days to also assist the needy on ember days. Catholic and Episcopal churches observe the days Wednesday, Friday and Saturday after Dec. 31; after Ash Wednesday; after White Sunday; and after Sept. 24, the exaltation of the cross.

**Superior Service**  
The services this agency renders its clients is of the superior kind.  
All details, matters that will benefit a client, expiration dates and other essential points are carefully watched and prepared for.  
All around you are clients of this agency who can tell you what we do for them.  
Let us be of service to you.

MEMBER OF THE ASSOCIATED PRESS.  
The Associated Press is exclusively entitled to  
the use for publication of all news dispatches  
credited to it or not otherwise credited in this paper  
and also local news published herein.

The Gazette prints freely of events when they are  
news. The following items are chargeable at the rate  
of 20 cents a count line, average 3 words to the line.  
Obituaries, Card of Thanks, Notices of any kind  
where a charge is made to the public.

**THE GAZETTE'S PLATFORM.**  
More and better houses. Curb the rent  
problem.  
Open roads to the county 365 days a year.  
More and better schools.  
More parks and playgrounds.  
Make the city a place where it is a pleasure to visit.  
Attract new residents and not for their ex-  
patriation.  
Build the hotel for Janesville in 1921.  
Provide entertainment, music and music  
for the people all the year.  
Provide a place for the auto tourists who  
come to Janesville.  
Continue the paving of Janesville streets  
until all are completed.

**WISCONSIN'S CITY MANAGER LAW.**  
At the last session of the state legislature a  
law was added to the statutes providing for the  
introduction of the city manager plan of city gov-  
ernment so successful in other states of the union.  
It is a simple law. It provides for a council which  
will be the board of directors of the city, a man-  
ager who will be the executive. The council will  
no longer have both executive and legislative du-  
ties. The manager is selected by the board of  
directors. The stockholders of the city—the citi-  
zen voters—select the board. All responsibility is  
in the city manager hand.

Whenever a city desires to change or whenever  
the citizens feel that they want a change in the  
city government so as to take it out of politics  
and place its conduct on business principles, ten  
per cent of the voters may petition the council,  
and within 30 or 60 days thereafter an election  
must be called in the city on the question. That  
petition states just what is asked, how many  
members will constitute the board of directors,  
and how they shall be elected. The council has  
legislative authority and can select the city man-  
ager.

Here in Janesville it should be an honor to  
serve on a board of directors for a \$30,000,000  
corporation. The city manager plan is far and  
ahead of the commission form of government, is  
simpler and has the distinct advantage of being  
close to the people.

**COURT LENIENCY AND CRIME.**  
Recently there has been much discussion of the  
relation of lenient courts to crime increase. Mil-  
waukee is cited as an example where with a judge  
who is a terror to the criminals, the percentage  
of crime is lower than the average. When any  
"tough guys" get up before Judge Baxter they  
find that a career of crime has no embroidery.  
There is no soft place for them to light and the  
state board of control is not going to be bothered  
with them.

The biggest single factor in stopping the viola-  
tion of the liquor laws in Chicago has been the  
fact that Judge Landis is fearless, is not swayed  
by personal appeals, has no time for the "sorrow-  
ing father" or "disgraced parent," pleads when a  
grown-up man has committed a crime, and he  
administers justice and not soft words and apolo-  
gies.

Crime is aided, stimulated and the courts  
brought into a just contempt when men of influ-  
ence, direct or related, and backed by power, are  
freed of let go on meaningless sentences. Then  
the public sees on the other hand, the weakling,  
without that influence, sentenced by a stern court  
to the limit. In that act or set of acts the courts  
educate and graduate more bolsheviks than argu-  
ment and preaching can save. When a man  
can come within the ragged edge of murder, and  
is permitted to go practically free, no one will  
venture the guess even that this act of a court  
will aid in the suppression of crime, nor will it  
serve as a corrective. It makes the court a jest  
and a laughing stock, and the mirth of the public  
is mixed with both bitterness and contempt.

**NORTH DAKOTA A SUCKED LEMON.**  
North Dakota is a sucked lemon, a squeezed  
sponge. The prairies and valleys no longer are  
fertile and the flowers no longer bloom for the  
nonpartisan league leaders. Mr. Townley has  
moved to Nebraska temporarily and he is to fasten  
the blight of state socialism there. Townley failed  
in North Dakota. His bubble has blown up.  
North Dakota bonds of \$30,000,000 which Town-  
ley hoped to sell in order to put through his state  
business schemes, had no market. His banks have  
been failing and falling like a row of bricks.  
Fifty new motor cars have been bought for the  
Nebraska campaign. A horde of organizers are  
to sweep it like the grasshoppers of the early  
days. It is hoped to get at least a million dollars  
out of Nebraska.

But what of Wisconsin? This state is the fruit-  
ful field. It is a glorious place for Townley be-  
cause here we have not only the agricultural in-  
terests, but the manufacturers, who provide fine  
pickings. Also the nonpartisan league has a gov-  
ernor, twelve members of the legislature, a sec-  
retary of state, a lieutenant governor, and some  
petty officials. After Mr. Blaine has made his  
appointments there will be more. Wisconsin is  
Mr. Townley's pie. He's saving this state for the  
desert. North Dakota is gone and mostly busted  
from Townleyism. "I have accomplished my task  
here," says Mr. Townley, as he looks roundly at  
the wrecked banks and ruined business of his  
former state. He makes the great renunciation,  
and moves. Other fields are green and inviting.  
So he hies himself to Nebraska, and later he's  
coming here.

**NOT THE RIGHT KIND OF AN IMMI-  
GRATION BILL.**  
It is to be hoped that the senate will kill the  
Johnson Immigration bill which stops all immi-  
gration into the United States for one year. This  
bill is as useless to correct the immigration evil  
as it is to settle financial difficulties with a mor-  
atorium. Congress will simply put off the day of  
fate. The Immigration laws should be amended  
and made stricter in the selection of persons per-  
mitted to come to the United States, but the rem-  
edy does not appear to be in placing an absolute  
barrier against all immigrants. It is as foolish as  
it is to let in the horde of anarchists and gov-  
ernment haters which have been flooding past the  
gates since the close of the war.

**Imported Divorce**

By FREDERICK J. HASKIN

New York City, Dec. 14.—It has recently been  
observed and remarked upon that a number of  
women who move in the more expensive society  
of the country have been getting their divorces in  
Paris, usually along with their flocks. Thus the  
lawmakers of the fashion code have, by their own  
example, laid down a new device for the society.  
Of recent years, there is as much danger of  
bad form in connection with a divorce as with  
any other social function. Just as it is not in ac-  
cordance with the best thought on etiquette to be  
married in a lavender waistcoat, or to appear at  
your funeral in a polka-dot necktie, so it is in-  
correct to be divorced in your home town. The law  
of the elite goes further to prescribe the exact  
place where a divorce is to be most agreeably and  
fashionably obtained, and like all questions of  
style, the social divorce center shifts with the  
seasons.

South Dakota, unconsciously instituted the di-  
vorce pilgrimage as a national custom, when it  
made six months a sufficient time to establish resi-  
dence in the state. This was done to encourage  
farmers, business men, and homemakers to come  
in to develop the state. But it did not take the  
unhappily married of other states long to take  
use to which such a law might be put. In the  
modest town of Sioux Falls a divorce colony rose,  
prospered, and then fell heavily.

For a New York lawyer was attracted to the  
beauties of the liberal Nevada divorce and resi-  
dence laws, and by advertising them, and himself,  
he started what is now a well-worn road has been  
New York to Reno. Since the divorce has been a  
report of the fashion world when the marriage  
is bored or annoyed. Yet Nevada claims that  
Reno has been misjudged, in that it is re-  
garded nationally as a wild and reckless town.

As a matter of fact, there are all sorts of peo-  
ple among the prospective divorce-seekers of  
Reno. There are a few gay and dashing types,  
and many more quiet and exclusive types, and there  
is a great many ordinary citizens from Pitts-  
burgh, Sacramento, New York, and other places,  
who have journeyed to Nevada to get a release  
from troubles which their respective states re-  
fused to recognize as grounds.

Reno is indisputably the center of the divorce  
industry in this country, with only Newport as a  
possible rival for fashionable divorces. As a re-  
sult, Reno is somewhat different from any other  
city in the United States. It is a prosperous and  
attractive little community, with luxurious shops,  
theaters, hotels and cafes, all of a scale of sumptu-  
ousness ordinarily boasted only by large cities.  
Reno lawyers may be said to be living in their  
boots over the tendency of fashion to turn to Paris  
for its divorces. Once before, when Nevada tried  
for a year the experiment of changing its resi-  
dence requirements from six months to one year,  
there was an alarming decrease in the contents of  
its coffers. Paris, backed by fashion and approval,  
may attract only a small fraction of Nevada's  
clients, but it is shifting hundreds or so of popu-  
larly important to the lawyers, furriers, cater-  
ers, jewelers, and hotel men of the town.

Paris as a divorce colony is a logical aftermath  
of war conditions. Passports for Europe have  
been granted grudgingly for several years, and  
now the rush for Paris is on. There is no longer  
any difficulty in getting a passport from the gov-  
ernment for France, provided one agrees to pay  
ten dollars for it. And there is no difficulty in  
obtaining a passage on a steamer, provided you  
make up your mind a year or two in advance of  
the day you wish to sail.

Paris offers attraction to the fastidious divorce-  
seeker that Reno, with all its efforts to make vis-  
iting comfortable, can scarcely rival. In the first  
place, Paris is indisputably a correct place in  
which to be seen by one's friends. And of course,  
Paris offers a fascinating collection of amuse-  
ments. With races, cabarets, theaters, firework-  
makers, and millinery, all hands and or impatient  
candidates for divorce have plenty of diversion be-  
tween the ordeals of appearing in court.

Another advantage of Paris from the society  
point of view is that it promises to be more ex-  
clusive as a divorce colony. Many a person of  
moderate means, who would not be able to afford  
a divorce in Reno, can now get a divorce in Paris  
and employment and settles down to establish resi-  
dence and get a divorce. A Paris divorce, how-  
ever, necessarily costs a good deal more. To get  
your divorce in Paris is generally a badge of afflu-  
ence.

The French divorce law is lenient, and usually  
swift. The applicant appears at the court to file  
petition and a hearing is in time set. The judge  
solely hears the parties and decides before making  
the final step, and then, having done his  
duty, he proceeds to hear the grievances and any  
protests from the other side, if present.

Incompatibility, which for a time was one of  
the stated grounds on which a divorce could be  
obtained by French law, is no longer recognized  
as adequate grounds. Cruelty, however, is just  
cause for divorce, and no judge has ever been  
wise enough to set down a rule showing exactly  
where indifference, lack of consideration, and un-  
kindness shade off into cruelty. In the circum-  
stances, the possibilities of the cruelty phrase of  
the law are numerous. A young woman has been  
known to offer as an example of cruel treatment  
the fact that her husband thought he should be  
picolet beautifully, whereas his society discards  
too, drove her wild. At least one harassed wife, too,  
has used as evidence of cruelty that the brand of  
smoking tobacco used by her husband made her  
sick, though we believe this has usually been re-  
jected as an insufficient cause. But on the whole,  
a skillful lawyer can do wonders with such dis-  
putable points of conduct.

**JUST FOLKS**

By EDGAR A. GUEST.

Luck had a favor to bestow  
And wondered where to let it go.  
"No lazy man on earth," said she,  
"Shall get this happy gift from me."  
"I will not pass it to the man  
Who will not do the best he can."  
"I will not make this splendid gift  
To one who has not practiced thrift."  
"It shall not benefit decadent,  
Nor help the man who's played the cheat."  
"He that has failed to fight with pluck  
Shall never know the Goddess Luck."  
"I'll look around a bit to see  
What man has earned some help from me."  
She found a man whose hands were soiled  
Because from day to day he'd toiled.

He'd dreamed by night and worked by day  
To make life's contest go his way.  
He'd kept his post and daily slaved,  
And something of his wage he'd saved.  
He'd clutched at every circumstance  
Which might have been his golden chance.  
The goddess smiled and then, kerplap!  
She dropped her favor in his lap.  
(Copyright, 1920, by Edgar A. Guest.)

**ON THE SPUR OF THE MOMENT**

By ROY H. MOULTON.

**WISDOM.**  
He always told his friends 'twas best  
To save up for the more THEY saved  
And he was wise and dashing and  
The more HE'D have to borrow.  
—Walter Pulitzer.  
The other night we went to a lecture.  
The speaker was a woman and her subject was equal  
rights. We have always been in favor of equal  
rights and have had the pleasure of seeing her  
success in one of the western states.  
But we do not think that equal rights has  
been accomplished and we'll tell you why. The  
right was very warm and an man who made  
the speech was attired in a flimsy sort of gown  
which was very low at the neck. There were  
scarcely any sleeves. The lady appeared to be  
cool, calm and collected.  
The other women in the hall were similarly  
attired. The men—but it isn't necessary to de-  
scribe the heavy suits, some evening suits  
and starched shirt-bosoms to the chocking colors  
and uncomfortable cravats.

After the lecture on equal rights we went to a  
restaurant. The ladies were still cool, but the  
man had taken his coat off and he was in a  
sweat. It seems there is a law against a man  
being comfortable in a restaurant.  
We are in favor of equal rights—absolute;  
and if it can be made to mean to clothing we  
will dedicate the balance of our life to the ful-  
fillment of the plan.

Some presidential candidates are like the  
weather we have been having—one day dry and  
the next day wet.

Uncle Jimmie Stimmons was a corporal under  
Robert B. Lee. He used to tell us all about the  
strategy of the war and said he foresaw all of  
Grant's mistakes before Grant made them.  
"Now come General Lee to use you as a cor-  
poral," the boys teased him, "when you know so  
much."  
Uncle Jimmie thought it over a minute, then  
he said, "Why, in Lee's army it took a man as  
smart as General Grant to be a corporal."  
And so in these days of difficult toys it takes  
a pretty "smart man" to be a kid.

**Who's Who Today**

**GEORGE HARTSHORN HODGES.**  
EX-GOV. GEORGE HODGES of Kansas is  
critically ill, according to reports from his home  
in Olathe, Kan. He has been  
in poor health for several  
months.  
Hodges was born in Orion,  
Wis., Feb. 6, 1860. He moved  
to Olathe with his parents  
when he was six years old.  
His first job was that of a  
house painter. He worked  
three years after he started  
to work he went into busi-  
ness for himself.  
He has been identified long  
with democratic politics. He  
was adjutant of the first  
regiment, Kansas national  
guard. He served two terms  
in the state senate and was  
governor from 1913 to 1915.  
He is a Congregationalist and a thirty-third de-  
gree Mason.

**OPINIONS OF OTHERS**

**A Disgrace to the Nation.**  
In an article in the notorious failure of the  
Board of Vocational Education to put into ef-  
fect the desire of the people of the United States  
that men and women should receive the best treat-  
ment and training, the New York Evening Post said  
of conditions at the Botanical Garden in this  
city.

"Today disabled soldiers who applied for  
landscape architecture and kindred pursuits are  
pulling weeds, and even a disabled army nurse  
is spending much of her time pushing around a  
wheelbarrow."  
"The nurse, in fact, is so disgusted that she  
has lodged a complaint with her Congressmen."  
When this woman's congressmen demands an  
explanation of her conduct, she says she is doing  
what she has been subjected, and asks if the  
millions of dollars the taxpayers gladly pay for  
the rehabilitation of soldiers, and the training  
of the boys in the chain of  
Dorchester, we have no doubt he will be  
accused of an effort to "inject politics" into the  
problem.

Let him not be disturbed by this charge when  
it is brought against him. Politics which will  
take from between the hands of a supposedly  
row a disabled woman, army nurse, and a dis-  
abled soldier, and give them the opportunity of  
studying landscape gardening and landscape  
architecture under the protection of the United  
States will be willing of the right kind, any  
man should be glad to be mixed into any pub-  
lic enterprise.—New York Herald.

**LOOKING BACKWARD**

**FORTY YEARS AGO**  
Dec. 14, 1880.—The Christmas trade is now  
beginning with a rush at the stores, but dealers  
have stocked up and are well-supplied to handle  
the wants of all shoppers.—A local talent show  
"The Belle of Cornville," was presented at the  
Myers Opera house last evening to a large audi-  
ence. It will be repeated tonight.

**THIRTY-ONE YEARS AGO**  
Dec. 14, 1889.—The annual meeting of the  
City Hospital association was held last evening  
at the room of the Associated Charities in the  
Jackson block. Stanley Smith took the chair  
in the absence of E. B. Helmequest and H. R.  
Bliss was appointed secretary. The reports for  
the last year were heard and favorably received  
and plans made for the coming year.

**TWENTY YEARS AGO**  
Dec. 14, 1900.—The committee to secure the  
\$3,000 bonds in order to have the cannery fac-  
tory located here, reports that only \$600 remains  
to be raised, and has issued a call to the citizens  
of the city to raise the money. They raised  
\$300 yesterday and hope to secure the remainder  
today.

**TEN YEARS AGO**  
Dec. 14, 1910.—Oscar D. Rowe, one of the  
leading citizens of this city, died at his home on  
Fifth avenue this morning at four o'clock after  
a lingering illness. The University of Wisconsin  
in Madison, where he was a student, students,  
mostly freshmen, will play the Lakota Cardi-  
nals here Friday evening.

**Personal Health Service**

By WILLIAM BRADY, M. D.

Noted Physician and Author

**WHAT SHOULD BE TAUGHT AT SCHOOL**  
Here is a letter from a real girl  
fifteen years old.  
Dear Dr. Brady: I've been won-  
dering why you never answered a  
letter I wrote you a month ago.  
Perhaps it was not proper for me to  
write. If so, please don't mind  
me. What I asked in my other  
letter was that you explain about  
the origin of human life.

My mother has told me many dif-  
ferent stories from the girls at  
school. I don't think it is right  
for older girls to tell younger girls  
things that really believe they  
don't understand themselves, and  
I think it is a shame the way they  
talk about such things and try to  
be funny. You'd think it was the  
worst thing imaginable.  
As I told you before, my mother  
is dead, and whenever I have asked  
such questions my relatives have  
told me it is immodest to talk about  
such things. I am fifteen and if  
you think I am too young to know  
the answers to this subject, please  
tell me so, for I don't want to do  
wrong.

Yours truly,  
It is indeed deplorable to know  
that this deplorable result of ig-  
norance pervades even the schools.  
The U. S. Public Health Service  
investigators found, it is prob-  
able that girls are likewise  
misinformed as to the average age  
of their children. The schools  
that have ventured to give the most  
essential knowledge of human re-  
production have assumed that the  
age of instruction—just seven years  
too late in the case of boys, at any  
rate.  
Every father should see to it that  
his son shall be properly instructed,  
by himself or by the family phy-  
sician if the father does not feel  
competent. Every mother should feel  
it her duty to see that her daugh-  
ter is properly instructed; if she  
herself cannot undertake the task  
then she should seek the aid of  
her physician.

**ASK US**  
(Any reader can get the answer  
to any question by writing to  
Dr. William Brady, M.D., 220-221  
W. Milwaukee St., Janesville, Wis.)  
The bureau cannot give ad-  
vice on legal matters. It does not attempt  
to settle domestic troubles, nor to  
undertake any research or  
subject. Write your question  
plainly and briefly, give full name  
and address, and enclose a stamped  
envelope for return postage. All  
letters are sent direct to the in-  
quirer.)  
Q.—If a boy enlists in the army in  
the state and is in the Philippines  
when his term of service ends, does  
the government pay his way home?  
D. V. H.  
A.—The war department states that  
when a man is stationed abroad at  
the time his enlistment expires his  
passage to the town of his enlistment  
or his home residence is paid by  
the government.  
Q.—How much does plate glass  
weigh?  
A.—A. B. H. weighs about three  
and a half pounds to the square foot.  
It will vary somewhat, since it varies  
in thickness from the eighth of  
an inch to one inch.  
Q.—Has wild sumac any value?  
C. L. A.  
A.—The department of agriculture  
says that sumac has long been used  
in tanning leather and in dye-  
ing fabrics. The greater part of  
American sumac gathered has been  
used in dyeing cotton goods. In-  
dian tribes, however, have re-  
mained ungathered and there is room  
for development of an organized  
sumac industry in this country.  
Q.—What is the origin of the term  
"hulchun days"?  
E. D. C.  
A.—This name was given in an-  
cient times to the seven days before  
the Chinese New Year, which follow the  
shortest day of the year. The hul-  
chun bird, or kingfisher, was sup-  
posed to nest at the end of the  
year. For this the winter sol-  
stice, a period of calm and tran-  
quillity being provided for its con-  
venience.  
Q.—Which state was first to decide  
upon "the first Tuesday after the first  
Monday of November" for election  
day?  
F. K.  
A.—New York claims this distinc-  
tion, having fixed upon this time in  
the year 1841.  
Q.—Please give a recipe for hore-  
hound sauce?  
M. H. C.  
A.—Take two cupsful of brown  
sugar, one cupful of corn syrup, and  
one-half teaspoonful of cream of tartar.  
Put in a large kettle the horehound  
liquid made by steeping two ounces  
of dried horehound in one pint of  
hot water. Boil down to a thick  
sauce, and add sugar. If you do  
not wish it to be so strong of hore-  
hound do not use so much. Boil to  
the hard crack stage or about 200  
degrees. Pour over this the buttered pan-  
cake deeply into squares while still  
warm.  
Q.—How many St. Mary's colleges  
are there in the United States?  
B. B.  
A.—While there are only eight St.  
Mary's colleges, there are 117 edu-  
cational institutions, including semin-  
aries and schools of various de-  
signations, which are named for St.  
Mary.

**HOROSCOPE**

TUESDAY, DECEMBER 14, 1920.  
Mars and Venus are in strongly  
benefic aspects today according to  
astrology. Jupiter and the Sun are  
mildly adverse.

Women come much into public  
notice at this time through some na-  
tional movement, the seers foretell.  
This is a way most favorable to  
all high ambitions, and women who  
wish should be helpful to efforts  
toward their realization.  
Weddings have the best possible  
direction of the stars and planets  
with promise of constancy, prosperity  
and long life.  
Entertainments of every sort, es-  
pecially literary assemblies, are sub-  
ject to the most fortunate influences.

Girls should find the rule an au-  
spicious one for meetings with  
strangers, young and of opposite  
sex. This should be believed, and a  
glamor over womanhood, imparting  
new charms and giving power to  
command lasting interest.  
A falling off in the number of  
marriages is prognosticated for the  
coming year. This may be due largely  
to an increased independence on  
the part of young women, and  
dilatation concerning the mingling  
of the darker races with the white  
will become exceedingly widespread  
in 1921.

Persons whose birthdate it is  
should take good care of their money  
in the coming year. Wise industry  
will bring much money in the next  
few months.  
Children born on this day will be  
reliable, clever and industrious, in  
quitting against unfavorable choice  
in marriage.  
(Copyright, 1920, by  
The McClure Newspaper Syndicate.)

**Calf Skins and Shoes.**  
"George W. Day says he recently  
brought a calf hide to town and sold  
it for \$2.31," says the Pilot Grove, Mo.,  
Record. He then purchased a pair of  
shoes for his baby for \$2.50. The calf  
hide weighed 50 pounds, the baby  
shoes only a few ounces, and allowing  
one calf pound to a pair of shoes,  
made from the calf hide and at \$2.50  
should have made the hide worth  
\$225.

**A Silenced Song.**  
"Nobody gets out and sings 'We  
Won't Go Home Till Mornings,' any  
more."  
"That's true," rejoined Uncle Bill  
Bottolton. "Most of those old seren-  
aders are now sticking close at home  
day and night keeping tabs on the  
yeast cakes."—Washington Star.

**His Real Need.**  
Canvasser.—This book will teach  
you how to economize.  
Victim.—"That's no good to me.  
What I want is a book that will teach  
me how to live without economizing."  
—Boston Transcript.

**Why Not?**  
"Hubby, here's a good store."  
"I want a Peko."  
"I don't mind indulging you to that  
extent. Take a good look."—Louis-  
ville Courier-Journal.

**THE REPUBLICAN**  
**POINT OF VIEW**  
will dominate the nation for the  
next forty years.  
Whether you agree with it or  
not, you need to know what it is.  
The gist of it is contained in  
Senator Lodge's address as tem-  
porary chairman of the Republi-  
can Convention, Senator Harding's  
Speech of Acceptance, and the Re-  
publican Platform.  
You can get these three impor-  
tant documents FREE in a single  
pamphlet and check up on the Re-  
publican policy as it develops.  
(In filling out the coupon print  
name and address or be sure to  
write plainly.)  
Frederick J. Haskin, Director,  
The Janesville Daily Gazette,  
Information Bureau,  
Washington, D. C.  
I enclose herewith two cents in  
stamps for return postage on a  
copy of the Republican Doc-  
trine.

**An Even Trade.**  
A country storekeeper was standing  
in front of his place one morning  
when a man came along leading a  
couple of old and weary-looking nags.  
"Want a horse?" he inquired.  
"Guess not."  
"I'll trade you one for goods," said  
the stranger. "I'll take it out in ter-  
bacco, in fact."  
"Might make a dicker along those  
lines," said the storekeeper, "provided  
we kin agree on a basis."  
"We kin agree on a basis."  
"Well, I'll trade with you plug for  
plug."—Boston Transcript.

# Dempsey Defends Title Against Brennan in N.Y. Tonight

By George McManus.

## BILL CONFIDENT OF CHANCE WITH CHAMPION JACK

Dempsey Age 37 years  
25 years 4 ft. 1 1/2 in.  
100 Height 6 ft. 1 1/2 in.  
75 in. Weight 210  
15 in. Reach 75 in.  
8 in. Waist 36 1/2 in.  
17 in. Neck 17 in.  
30 in. Chest (normal) 47 in.  
44 in. Chest (expanded) 54 in.  
20 in. Thigh 20 1/2 in.  
23 in. Calf 18 in.  
18 in. Ankle 8 1/2 in.

New York, Dec. 14.—For the first time since Jack Dempsey won the heavy weight championship, New York patrons of the fight sport will have an opportunity of seeing the big fellow in action at the Madison Square Garden tonight.

Brennan, formerly of Chicago, but now residing here, is the challenger for the title. These two met at Milwaukee nearly three years ago and on that occasion Dempsey scored a technical knockout in the sixth round. That was long before Dempsey defeated Willard for the title. Brennan still believes that he has a chance to redeem himself in this bout.

"I'm not afraid of Dempsey," said Brennan a few days ago at his training quarters here. "Jack knows I gave him a good battle when we met before and but for an injury to my ankle when I fell I could have gone along with him in good shape."

Most of those who had seen both men in action, however, are not quite so confident as Brennan of this point. So far as build and measurements go the men seem pretty evenly matched on paper, but when seen in ring costume at their respective training quarters, Dempsey looked to be much the more robust of the pair. The champion's weight is more evenly distributed while Brennan is the rangy type of athlete who does not round out quite as pleasingly as the critical eye but gives unmistakable indications of possessing two essentials, assurance and endurance.

Dempsey little known in N. Y. Since the Walker law permitting a revival of boxing in this state became operative nearly three months ago, local fans have been looking forward to a heavyweight bout to be put on by some of the promoters and Tex Rickard is furnishing the initial clash between big fellows under the new legal conditions.

Brennan has been seen here several times in bouts during the regime of the Frawley law and in nearly every instance the Chicago man acquitted himself creditably. Some New York patrons of the ring only remember Dempsey as an upstart pugilist who came from the west, who boxed twice at a Bronx club house and in another minor battle a few years ago. Tonight they will see a wonderfully improved fighter, machine, who in a little over four years has made his way to the top of the athletic ladder through persistent hard work and who possesses all the attributes which are necessary in the makeup of a champion heavy-weight pugilist.

## H. S. BASKET PRACTICE STARTS IN EARNEST

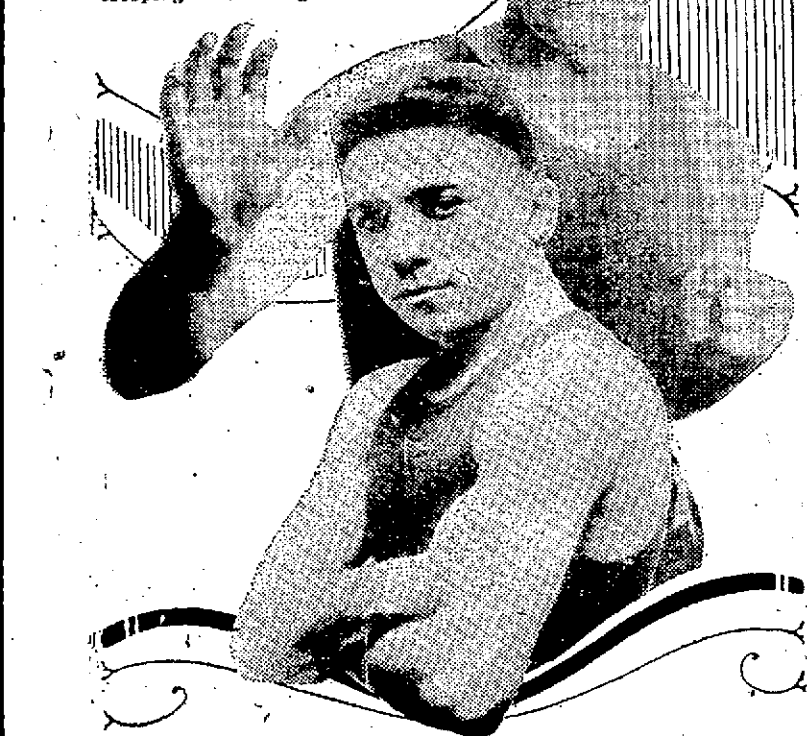

Heavy practice has been started with a large number of candidates out for the Janesville high school basketball team. Between now and Friday, gradual selection will be made of a first team to play the opening contest of the season when Delavan comes here to play.

The material looks good this year although somewhat new to the game. There is plenty of it to make a good choice. The plan is to form two regular teams.

**Chicago Boy Sky Jumper**  
to Feature Big Tournament  
Revelstoke, B. C., Dec. 14.—Eleven of the best sky jumpers in the American continent are expected to compete in the seventh annual tournament here February 8 and 9. The champion boy jumper of the world, Kanak, of Chicago, may be present.

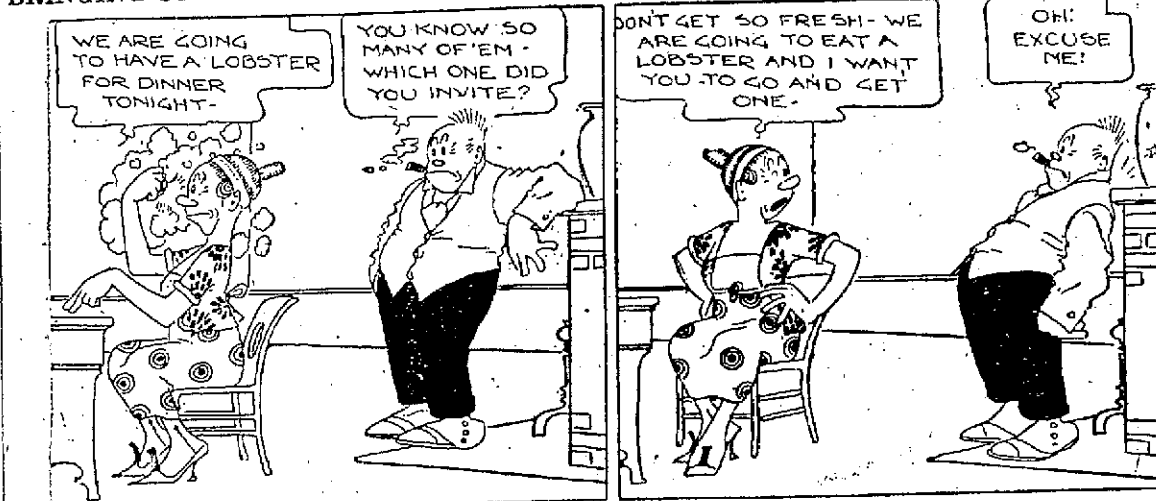

## PETE HERMAN STANDS GOOD CHANCE OF LOSING BANTAM TITLE TO ONE JOE LYNCH

Mr. Pete Herman, who has zealously guarded the bantam-weight title for about five years, stands as a mighty good chance of having his block and title knocked off by Josephus Battler Lynch when these boys meet in New York December 22. The fact that the bout will be a decision affair means that Pete will have to lead a bit and not be content with escaping real damage.

Joe Lynch, above, and Pete Herman.

## BRINGING UP FATHER

## GIPP IS DEAD; POISON TAKES FOOTBALL STAR

South Bend, Ind., Dec. 14.—George Gipp, Notre Dame football player, died at 3:33 o'clock, this morning from streptococcal throat disease.

Gipp, whose splendid playing won him country-wide recognition and made him a choice for a position on an All-American eleven, had been ill since the Notre Dame-Northwestern game on November 20.

Pneumonia also helped weaken him. Specialists called from Chicago succeeded in riding the system of the pneumonia, however, but Gipp did not have the stamina left to ward off the poison resulting from the throat affection.

During the final hours of his fight for life, Gipp was rational and was said to show remarkable grit as he gradually gave up the inevitable. His mother, brother and sister were at his bedside.

Was Baseball Star.  
Gipp first jumped into the spotlight as an unusual football player when Notre Dame clashed with the Army in 1919, when his playing won him the plaudits of the eastern football critics.

One ray of happiness was brought into his few remaining hours when he was informed that he had been selected as a player on a mythical All-American eleven. During his illness he also was informed that he had been offered a contract by the Chicago National league baseball club. Gipp's ability as a baseball player was on a par with that in football.

Gipp was 24 years old. His home was in Laurium, Michigan. He was a senior at Notre Dame, being a law student.

**Season's Best Player**  
George Gipp not only was the individual star of Notre Dame but was generally conceded to be the most brilliant halfback of the season. His wonderful playing won many games for the Indians and brought him nationwide recognition as perhaps the greatest football player of the season. In the opinion of experts Gipp combined all the qualities necessary in an all-around star. He was a brilliant runner and as a kicker he was one of the best in the country. He was also an almost perfect forward passer.

**Stars As Great Player**  
On the defense he seldom missed his man and his speed enabled him to range back and forth so that he was in every play. In the game against the Army, Gipp went back against an injured shoulder and won the contest for Notre Dame. In that game Gipp scored all his team's 17 points and stamped himself as probably the greatest back of his day.

## HARNESS CLUB FORMED AT AURORA MEETING

The Northern Illinois Harness Racing and Fair association was launched at Aurora at a meeting of business men, officers being elected as follows: President, Frank Thelen; secretary, treasurer, Cliff Trimble. In addition to Kane county, it is proposed to include Kendall, DeKalb, Will, McHenry and Cook counties to co-operate.

## Boxing Notes

Los Angeles, Dec. 14.—Earl Caddock, heavy weight wrestler, of Iowa, and Charley Peters, the "Wrestling Sheriff" of Omaha, Neb., will meet December 17, it was announced today.

Cleveland, O.—After being out of the ring sport for two years, due to serious illness, Matt Hinkel, the noted referee and boxing promoter, is again taking active interest in the sport. Hinkel has matched Carl Tremaine, the Cleveland bantamweight, and Joe Burman, of Chicago, for a 10 round contest here Dec. 17.

Chicago—Capt. Bob Roper, the American army heavyweight champion, will meet Harry Greb, the Pittsburgh "rubber ball," in a 10 round contest in Boston Dec. 21. Roper also has been matched to box Hugh Walker at Kansas City Dec. 30. The former army captain has won his last six contests in decisive fashion.

## CORNELL HARRIERS OFF FOR ENGLAND

New York, Dec. 14.—The first foreign invasion of an American college football team started here today with the sailing of the Cornell university runners for England where they will meet a combined team representing Oxford and Cambridge, universities on Dec. 27 in the first international intercollegiate contest of this type ever staged.

The run will be held over the seven and a half miles course of the Thames Hare and Hounds club at Roehampton, near London, and both start teams of seven runners. Of the 14 long-distance hill-and-dalers the first five of each team to finish will score, and the team having the lower total after 10 runners cross the line will be declared the winner of the race. Thus if five Cornell entrants were to finish in the lead of the pack, the most improbable occurrence, the total team score of the American university would be the minimum of 5 points.

## Hoppe Wants One Match Only With Belgian Expert

New York, Dec. 14.—An essential condition on which Willie Hoppe, world's billiard champion, will consent to play against Edouard Horremans, the Belgian expert, is that they play only one match at 18.2 ballline. It was announced today. Horremans insists on two matches, one at 18.1 and the other at 18.2, claiming this is the only true test of supremacy.

## John R. Gentry Dead; Champion Pacer of World

Nashville, Tenn., Dec. 14.—John R. Gentry, 2:00 1/2, once pacing champion of the world, is dead of old age. He was 21 years old.

John R. Gentry was owned by the E. H. Harriman estate and had spent his last years in luxurious quarters at the Tennessee State Fair grounds.

## Langford Charges Herman Used "Doctored" Gloves

Portland, Ore., Dec. 14.—Charges made by Sam Langford, negro boxer, that Tiny Herman's gloves were "doctored" in a recent match between the two here, will be investigated by the boxing commission. According to Langford he was partly blinded during the fight with Herman by something on Herman's gloves. Herman's manager denied the charges.

A woman is seldom angry if a man kisses her, but somehow they make a big bluff.

## LAYTON CAPTURES BILLIARD TITLE

Chicago, Dec. 14.—John Layton, of St. Louis, last night won the national three-cushion championship by defeating Robert Canerfax, of New York, 75 to 64, in 99 innings.

Score every ten innings: Canerfax: 3, 15, 18, 28, 32, 35, 45, 56, 61—64; innings: 29; average, .63; high run, 4. Layton: 11, 12, 23, 26, 30, 33, 43, 58, 64—75; innings: 99; average, .85; high run, 11.

## WILLIAMS' DRIBBLING FEATURES BADGER WIN

Madison, Wis., Dec. 14.—University of Wisconsin won Monday night over River Falls Normal in their second preliminary game 28 to 8.

The superiority of the university quintet was evident from the outset, the Badgers scoring fifteen points in the first half, while the Teachers were able to count only five. Capt. Taylor was high individual scorer, somewhat improved since his last preliminary contest, fiddled the Teachers' defense almost at will, while Rollie Williams, Badger forward, completely baffled his opponents with his fast dribbling.

## ALL-STARS AND TANKS TO CLASH TOMORROW

"Y" All-Stars and the tanks clash on the armory floor Wednesday night. Hager and Gruesz are out of the game, but Anderson, a new guard, will be playing. This is the third and last of a series, the Stars having already won two. Games start at 8:15. No admission will be charged.

## BASEBALL TIPS

New York.—Conferences between officials of the New York and Cincinnati National baseball clubs have led to persistent reports of an offer by the Giants of \$150,000 and a catcher for the "pick of the Red team" at a price surpassing that paid for "Babe" Ruth the Yankee slugger. No agreement was reached at the conferences, it was said, Roush or Grah, both former Giants, were among the "picks" said to have been mentioned.

New York.—The New York Nationals will play a spring training series with the Washington Americans while the teams are en route home. Manager McGraw announced here on Saturday. The series, consisting of games at Washington on April 8 and two at New York on April 9 and 10.

New York.—Charlie Herzog, Cub second baseman, will not play in any league next season. The report that waivers had been asked on Herzog

## FIGHT DECISIONS

New York—Ed ("Strangler") Lewis, of San Jose, Calif., won the world's heavyweight catch-as-catch-can wrestling championship here by throwing Joe Stecher, of Dodge, Neb., in one hour, 41 minutes, 55 seconds with a head and hip lock.

was confirmed by a magistrate and by the player himself. The plan is to fight him unconditionally, it is said, along with Pitcher Claude Hendrix.

## GOTHAM MAY FINALLY JOIN BOWLING LEAGUE

New York city has sent no entries to the American bowling congress for a number of years, owing to the failure of the bowlers there to organize a city association, but plans are on foot now to form an organization before the annual meet of the American Bowling congress Feb. 28 at Buffalo.

The rule of the national association

is that teams will not be recognized from a city unless they are members of a local body. New York has some of the cleverest bowlers in the country, who would be more than willing to get into the championships.

## MARQUETTE AWAITS BIG BASKET GAME WITH U. W.

Milwaukee, Dec. 14.—Marquette college students are set for the biggest basketball game of the season, when the University of Wisconsin five invades Milwaukee Saturday night.

## WRESTLING TITLE TAKEN BY LEWIS

New York, Dec. 14.—Ed ("Strangler") Lewis, of San Jose, Calif., won the world's heavyweight wrestling title last night by throwing Joe Stecher, of Dodge, Neb., in one hour and 41 minutes, 55 seconds, with a head and hip lock. Stecher weighed 228 pounds, 50 more than his opponent. The finish was spectacular. Stecher was worn down to a weak condition by 8 successive headlocks.

## MENDELSON-WARD BOUT COMES TONIGHT

Milwaukee, Dec. 14.—Johnny Mendelson and Bobby Ward are scheduled to mix in a ten round bout in the final of a boxing card here tonight. Eddie Boehme and Bud Christians will appear in the semi-final at 133 pounds, while Fanny Kramer and Frankie Schmeizer, bantams, will clash in the opener.

## Belgian Cue Artist Defeats Brunswick, 400 to 7

Chicago, Dec. 14.—Edouard Horremans of Belgium, champion cue artist of Europe, defeated Louis Brunswilke of Chicago in a 400 point 18.2 ball line match on Monday 400 to 7. The Belgian went out in three innings, completing the third with an unfinished run of 270.

## Girl Mother Wins Baby Irene, Fought for Ever Since Birth

New York—With the conclusion of litigation which has become renowned in the archives of international jurisprudence, Baby Irene, four years of age, has been packed with more drama and conflict than is the lot of most adults. She has lost a fortune and won a name. Ever since she was born, this remarkable infant has been buffeted about from court to court, in the United States and Canada, in a remarkable legal battle which waged with dogged fury by two women who claimed to be the mother of the child.

Margaret Ryan.

To Mrs. Dolly Ledgerwood Matters of Chicago, the child was Irene. To Margaret Ryan of Ottawa she was Kathleen. Had Mrs. Matters proven her claim to motherhood of the infant, the child would today be heir to a fortune of \$300,000.

Poor "Mother" Wins. But the courts, who first took Margaret Ryan's baby away from her, have given it back. She is declared the legal mother of the child. And all she can give her baby is the love which prompted her to fight for it ever since it was born. The child will hereafter be called Kathleen Ryan.

The story of Kathleen really begins before she was born in a Canadian hospital. It begins with the marriage of Mrs. Dolly Ledgerwood, young and pretty, to a rich, powerful, millionaire capitalist of Chicago, who at the time of his marriage was over the allotted three score and ten years.

The marriage was bitterly opposed by the relatives of the aged man, who died a short time later, leaving a large estate.

The will of the millionaire provided that if a child were born it should inherit \$300,000. If there were no issue, the will provided that the estate be divided among other members of the family. In effect he cut his young wife off from her dower unless she became the mother of his child.

Returns With Child. It was not expected Mrs. Matters would enter a claim, since her husband was over seventy when she had married him. Shortly after the funeral the young widow went to Canada. Some months later she returned to Chicago, carrying a bonny infant which she claimed to be her own. She immediately entered suit, claiming \$300,000 in the name of her child.

Then began the sensational legal fight which has lasted for years. Litigation began in the Illinois courts. Relatives of Matters made the claim that the child was a spurious heir. In May, 1916, in Chicago, Margaret Ryan made her first appearance in the case, as a counter-claimant for the child.

The Canadian girl asserted that the baby was her own and that it was taken from her at birth and given to Mrs. Matters by the officials of a hospital in Ottawa.

Margaret Ryan told her story in

## ARGENTINA NEVER WAS MEMBER OF LEAGUE IS CLAIM

[BY ASSOCIATED PRESS.] Buenos Aires, Dec. 14.—The Argentine government will not give any notification of withdrawal from the league of nations in accordance with article 1 of the pact, because it does not consider that Argentina ever has been a member of the league, the Associated Press was informed by the foreign office today. This statement was made to clarify what is held to be a misapprehension concerning Argentina's position in withdrawing her delegates from the assembly of the league, which had arisen on account of German dispatches indicating that notification of withdrawal from the league was expected from Argentina as the next diplomatic step, and that it was considered she must continue to be a member of the league for two years after such notification was given, in accordance with the terms of the pact.

The foreign office points to a series of diplomatic documents published last week regarding the relations of Argentina to the league which are held to show that she only accepted the formation of the league "in principle." Her admission, it is declared, was "adhesion in general." The documents are added to show it was clearly stated that Argentina sent delegates for the purpose of assisting in the organization of the league after having set forth in diplomatic communications that it favored the establishment of a league in which all nations would participate without distinction.

NATIONAL EQUITY MEETS IN MADISON [BY ASSOCIATED PRESS.] Madison, Wis., Dec. 14.—The national convention of the American Society of Equity opened here this morning in the assembly chamber of the capitol. Wisconsin was the only organized state sending delegates, with Michigan and Minnesota represented. The morning session was taken up with seating of the representatives from local unions, and with appointment of committees by Levi Samuelson, St. Paul, acting president.

Any man possesses the ability to be as big a fool as he pleases.

## U. S. Woman Physician Blames War Reaction for Cosmetics Fad

[BY ASSOCIATED PRESS.]

The sincere suffering in Europe is all the more pitiable when compared to the flippant social attitude of many people in America at the present time, according to Dr. Rosalie Slaughter Morton, founder and chairman of the International Serbian committee, this flippant attitude of Americans itself is the prevalence of makeup, foolish, extreme fashion fads, extravagance, high colored and scanty clothing, which she has seen in the returned American girls almost with the eyes of a foreigner.

"I see my own country and its people through the eyes of fifty Serbian boys and girls whom I have brought here to go to college," says Dr. Morton. "They are now studying in colleges from Vermont to Texas and from Maine to California. These Serbians look upon America as an ideal country. I want to help them keep this feeling. They have come here believing that America is the strongest country in the world. Therefore, when I see young girls smoking cigarettes, their faces painted and their skirts scant, I regret that they present so false an idea of our real America."

"Every country shows its neurasthenia in a different way. American women became keyed up during the war, they reached a high pitch of idealism, were stimulated to great unselfishness, and also for a year and

half they suffered war strain abroad or here. The present condition is due to reaction and nerve fatigue. At heart they are just as fine as they were during the war."

"I don't think the average girl realizes how foolish extreme fashions and fads are, and that they are but the dictates of manufacturers. Before the war and during the war women dressed conservatively. Now the bright color is refreshing. However, the extreme styles and the increased use of paint and powder are deplorable."

"Many girls express regret themselves at the clothing they wear, but they say they want to be in style. I don't believe there is any parent but has an anxious heart over this passing phase we are going through."

"Extravagance in everything is a part of the aftermath of war. During the war many women grew pale. They touched up their faces with a little rouge, and they got the paint habit because they thought it made them look more palatable. It became a sizes paleface."

"On the other hand I am thrilled by the splendid America I have come in contact with in our schools and universities. So many people have a

great world vision which expresses itself in unselfish service. I think America as a whole has received a spiritual impetus through the war."

Dr. Morton has given four years of gratuitous war service in Europe and America, and she created the war service committee of the Medical Women's National Association. Under the council of national defense she organized for this government 6,000 women physicians for war service and acted as chairman of the American Women's hospital which has headquarters in New York.

EVANGELIST LEAVES TOWN. IS CONSIDERED PRO-GERMAN. Burlington, Ia.—Because the Rev. J. A. Lacour, evangelist, is charged with pro-German utterances during his recent meetings at Wapello, Ia., the series that was to have been continued until December 19 in the Methodist Episcopal church there, has been abruptly cut short and on the suggestion of the sheriff, Mr. Lacour has left Wapello.

Nebraska Objects to C. B. & Q. Stock Dividend. Washington, Dec. 14.—The state of Nebraska filed a brief with the interstate commerce commission today objecting to the proposal of the Chicago, Burlington and Quincy Railroad company that it be permitted to distribute \$140,000 of its surplus in stock dividends and in bonds as a cash dividend.

## SPRING PLOWING IS DONE IN AUTUMN

Plowing that is not ordinarily done until spring has been completed already or will be within the next 10 days if warm weather continues, according to reports reaching here. Many farmers have taken advantage of the unseasonable weather to get the ground ready.

## Interurban Can Run on Street Car Tracks—Court

Madison, Dec. 14.—The supreme court today held that interurban cars operating in Milwaukee, have a franchise to use the city street car lines. This decision reversed that of the lower court, which sustained the city in its contention that the interurban service could not operate under the franchise granted the street car company.

## Passenger Plane Hits Tree When Leaving London

London, Dec. 14.—A large passenger airplane which was leaving for Paris from Cretkewood, near London, with 8 passengers this morning, fouled a tree, burst into flames and crashed to the ground. The pilot, a mechanic and two passengers are reported killed and other passengers injured.

## Armed Men Attack Military Lorry

Dublin, Dec. 14.—A party of armed men attacked a military lorry carrying six black and tans at Ballsbridge, on the outskirts of this

city, this morning. The black and tans took cover in the postoffice. Reinforcements were rushed up and relieved them. The casualties, if any, had not been reported up to this afternoon.

## Lake Captains Stay Close to Safe Harbors

Chicago, Dec. 14.—Despite clearing weather, outbound ships remained behind the harbor breakwater today, awaiting reports on storm conditions up the lake.

The passenger steamer Alabama from Milwaukee was the only arrival here during the morning. Her captain reported heavy weather up the lake during the night.

Winston-Salem, N. C. Friday p.m.

DEAR OLD PETE:

Just wound up the one swellest day of my life! Since early this morning, when I got an invitation to visit R. J. Reynolds Tobacco Co. factories, I've been in the midst of millions of Camel cigarettes.

Man—the happiest idea you or I ever had as to the size of this Reynolds enterprise, or the number of Camels manufactured daily, is simply piker-stuff! Wipe off the slate and start fresh! Why, Pete, it seemed to me like a couple of those cigarette-making machines could keep half the nation smoking Camels steadily—BUT—honest to goodness, there are hundreds of these machines bawling out Camels at the rate of 27,000 an hour—EACH!

Pete, you wouldn't have to consult a guide book to know you were in the Camel factories! The atmosphere is charged with that wonderful aroma you get when you open up a deck of Camels! And, you know, old elephant—you've had a trunk full!

As the Camels dropped into the containers I figured the delight each one would supply! And, how Camels mellow, mild body would hit the right spot and how Camels refreshing flavor would cheer up some smoker's jaded appetite! And, each Camel free from any unpleasant cigarettey aftertaste or unpleasant cigarettey odor! And—

Pete—I'll have to lay off and light another Camel! Write you some more soon.

Yours joyously

Shorty Camel CIGARETTES

# JURY CALENDAR IS CLOSED FOR TERM

Jury Dismissed, Two to Appear for Civil Cases Next Month.

Judge Grimm dismissed the jury from further obligation, ending the November and December term of court here, yesterday afternoon.

Juries were drawn on two civil action cases which may be tried in January, depending on results of negotiations at settlement. These juries were excused and informed they might be called on at a later date.

The action of Ernest Armstrong, town of Lima, against the W. E. Stewart Land company, Stewart Farm Mortgage company, E. Carson and G. G. Kroll, land agents, is expected to be tried later.

The suit is over an immense land deal in the Rio Grande valley, Hidalgo county, Texas. The defendant is alleged to have sold a stretch of the Texas property to Armstrong for \$45,551. The plaintiff claims the land is worth only about half that amount. Doubtless the attorneys for the defendant, and Charles L. Pierce and Henry Carpenter for the plaintiff.

The other remaining action for which a jury was drawn is the suit of Scrimple against the Parker Pen company.

Two criminal cases are still on the calendar for action. One is the case against William Lentz, who may forfeit bail, as he is out of the state. The other is against Ralene Heiden-dorf.

## JONES TO TESTIFY BEFORE GRAND JURY

Desk Sergeant Harvey Jones of the police department will go to La Crosse Wednesday, summoned as a witness before the federal grand jury in the case against William McRea. His testimony will consist of identifying the jug of liquor alleged to have been found in Rea's grip when he was searched here after being arrested for alleged forgery.

George Chapman testified in this case at La Crosse several days ago.

## BULL JUDGMENT IS RE-ESTABLISHED

Judge George Grimm issued an order in circuit court Monday, re-establishing the original judgment in the divorce of Mrs. Caroline Bull against William Bull. The husband brought action in the circuit court during the present term to have alimony and a homestead granted to the wife revoked back to him. The court also ordered Bull to pay for the costs of the case, which was tried last week.

## HOLSTEIN BREEDERS TO MEET, DEC. 21

Rock county Holstein breeders will meet in the city hall Dec. 21 for furthering the interests of the Holstein breeding. The meeting is scheduled to open at 1:30 o'clock.

William Oldham, secretary of the Wisconsin Holstein association, and Jerry Reardon, manager of the famous Harvest farms, are on the program for addresses.

## NEW COAL BIN TO BE READY MONDAY

Pouring of concrete for the new coal bin at the city hall was completed late Saturday. All that remains to be done now is to clear away the formwork and concrete floor. The bin should be ready for use by next week. It is being built under the direction of City Engineer C. F. Kerch and Street Commissioner Thomas McKune.

## CITY ACCOUNTS IN FIRST CLASS SHAPE

"The system is working fine," declared C. E. Seibert, in the city auditor to inspect the books of the city treasurer and clerk. He recently installed a complete new bookkeeping system in these offices. He stopped off in Janesville on his way to Green Bay to put in a system at a paper mill there.

## Heavy Say Fly-Wheel Endangers Man's Life

(By Gazette Correspondent.) Town Line—William Henrickson narrowly escaped being struck by an 18-inch fly wheel when the shaft broke when the shaft broke throwing the heavy wheel 40 feet in the air during wood sawing work here recently. The fly wheel splintered and Henrickson suffered an injury when an eight-pound piece fell on his foot.

## Three Art Hurt When Auto Tips Over Rig

(By Gazette Correspondent.) Whitewater, Wis., Dec. 14.—A resident of this city, suffered a broken collar bone when a rig which he was driving in company with his neighbor was tipped over. An auto driven by Charles Pollock swerved into the vehicle. Both women were bruised and had minor hurts.

## Shelbygan—Frank Braun, Kohler, Wis., is at St. Nicholas hospital with

accident of the hand and fractured ribs as the result of an automobile accident when his machine turned over on the turn of a road.

## TERRIBLE TESSIE

By Hal Probasco

IT'S STRANGE THAT A FURNACE SHOULD AFFECT ONE THIS WAY.

HEY! FOR TH' LOVA' MIKE—WHERE DO YOU GET THAT STUFF TESSIE!

WHY TESSIE!

LOOK MRS. SMITH—HERE'S A IMITATION OF PAPA WHEN HE CAME UP FROM HELPIN' MR. BROWN FIX HIS FURNACE!

HA, HA, HA HA, HA!

## 296 HUNT SKUNKS IN ROCK COUNTY

There were less than half of the number of trapping licenses issued during the past year than during 1919, according to a check made by County Clerk Howard Lee. The total for this year is 296.

The drop is directly due to the law prohibiting the trapping of mink and muskrat, two of the most valuable and most sought fur bearing animals in this section of the state. The only other plentiful animal whose pelt has considerable value is the skunk. The mild and wet weather has been favorable to the country trapper, who traps, digs out and smokes the dens of the skunk. Their pelts range in value from \$5 to \$20, depending on the width of the white stripe and the gloss of the black fur.

## CAPRONI DESIGNS GIANT AIRPLANE

(By Associated Press.) Rome, Dec. 14.—Gianni Caproni, the airplane inventor, has told of a projected giant plane which would carry 300 persons across the Atlantic in about 36 hours. Plans for the machine are now being completed and provisions are being made for on board the aerial liner. A smaller airplane designed by Signor Caproni will make its first trial trip in January. This airplane will be capable of carrying 100 persons a distance of 500 miles, it is said. Work on the trans-Atlantic plane will be started as soon as the smaller liner has been tested.

## BRITISH FLAG IS RAISED ON SHIP AT BOTTOM OF SEA

Victoria, B. C.—The British flag has been raised at the bottom of the sea in the past, but probably the conditions were never stronger than those of a recent ceremony held at Swanson Bay, where a diver nearly 100 feet below the surface of the sea, hoisted the ship's ensign on the flagstaff of the sunken Prince Rupert, which is now in process of being salvaged. One diver bent the colors to the halyards and slowly hoisted them, while his mate stood at the salute near by and sent to the surface through the telephone connected with his helmet the strains of the national anthem.

Two divers of the Pacific Salvage company had gone down to the stern of the wreck to a depth of nearly 100 feet. The diver's tender suddenly announced that he could hear "God Save the King" coming up through the telephone which connected him with the man below. Wonder was expressed at the occurrence, but the diver was ordered up when the divers returned to the surface again.

While going around the stern one diver had found in box at the foot of the flagstaff the ship's ensign. Signaling to his partner he took the emblem from the repository, bent it on the halyards, and slowly hoisted it. Standing at attention, his hand raised to salute, his mate sang the national anthem, and it was this that the men at the surface heard.

## 348 IS FAVORITE FOR AUTO LICENSE

(By Associated Press.) Madison—Favorite automobile numbers are being requested by motorists from all parts of the state this month, Meritt Hull, secretary of state, says. Wisconsin owners are allowed December in which to renew their present license, and hundreds are availing themselves of the opportunity, according to the secretary of state.

Number 348, made popular through certain cartoons, is in big demand, but it is stated that the present holder has renewed it. Number 13 has also received many bids, as have numbers which correspond to street and telephone numbers. It is stated: "It appears trivial to me how owners get attached to license numbers." Mr. Hull said, "but still I have had number 355 since I can remember, and would put up a protest if I didn't reserve it next year."

## SON ACCIDENTALLY SHOOT FATHER HUNTING.

(By Associated Press.) Marinetta, Wis., Dec. 14.—While out hunting Sunday, Albert Lorek, Peshigo farmer, was accidentally shot by his son. The latter was playing with the barrel of his gun when the weapon was accidentally discharged. The shot struck in the father's shoulder. He was taken to a hospital and may lose his right arm.

## A real Air Rifle for a real boy

That wide-a-woke boy of yours will be entirely happy and satisfied if he gets nothing else than one of these fine air rifles for Christmas. Think of the fun he will have for many months—develops steadiness, a keen eye—keep him out in the open where he can expand and grow into the strong, healthy, rosy cheeked boy that nature intended him to be.

Single Shot King Air Rifles.....\$2.10  
Pump Action Daisy Repeaters.....\$4.75
